

DOUG

DOG | PUG | DESEXED MALE

EXPERIENCE

I have over 8 years' experience occupying a 1 bedroom apartment in a strata complex of over 220 dwellings. No complaints have ever been made against me or my owner. I mostly sleep when left alone. I've never damaged any property. If I do feel like playing I have lots of toys to keep me occupied.

PART-TIME NEEDS

As a custody kid, I only require to stay with my owner on a part-time basis. This is likely to be one week on, and then one week off (subject to change for ad hoc purposes).

BEHAVIOURS

- I'm well behaved
- I'm lazy and sleep when my owner is not around
- I don't bark which is typical of my breed
- I'm good natured and play well with children and other animals
- I obey commands (come, sit, stay etc.)
- I'm toilet trained

OWNERS NOTES

I am a home owner of 2 properties in Sydney. I've recently separated from a long-term partner and am relocating to a rental property. I've owned Doug since he was a puppy, he fits perfectly into apartment living, has never had any behavioral issues and is the love of my life.

Doug is a very happy, calm-natured dog. I make time to walk him often and allocate time daily to play with him ensuring he is a well-behaved, well-adjusted dog. Doug wears a leash in public areas. I pick-up his dog waste at all times. Often our weekends are spent exploring dog friendly parks or spending time with friends.

Being a home owner myself, I can understand and appreciate any owners concerns regarding companion animals. I can advise with confidence, should a rental property be leased to me, I will look after it, keeping it secure, clean and tidy. Most importantly, I commit to taking responsibility for my dog, ensuring others are not adversely affected by the companionship he provides me.

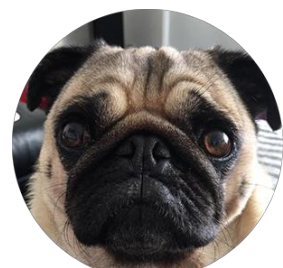

QUIET & LAZY

APARTMENT DWELLER
SINCE 2009
